ARTICLE VII: MISCELLANEOUS

1. **Termination**. In the event that either Party seeks to terminate this DPA, they may do so by mutual written consent so long as the Service Agreement has lapsed or has been terminated. 2. **Effect of Termination Survival**. If the Service Agreement is terminated, the Provider shall destroy all of LEA's Student Data pursuant to Article IV, section 6.

3. **Priority of Agreements**. This DPA and the Service Agreement constitute the entire agreement of the Parties relating to the subject matter hereof and supersedes all prior communications, representations, or agreements, oral or written, by the Parties relating thereto. This DPA may be amended and the observance of any provision of this DPA may be waived (either generally or in any particular instance and either retroactively or prospectively) only with the signed written consent of both Parties. Neither failure nor delay on the part of any Party in exercising any right, power, or privilege hereunder shall operate as a waiver of such right, nor shall any single or partial exercise of any such right, power, or privilege preclude any further exercise thereof or the exercise of any other right, power, or privilege.

5. **Severability**. Any provision of this DPA that is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions of this DPA, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction. Notwithstanding the foregoing, if such provision could be more narrowly drawn so as not to be prohibited or unenforceable in such jurisdiction while, at the same time, maintaining the intent of the Parties, it shall, as to such jurisdiction, be so narrowly drawn without invalidating the remaining provisions of this DPA or affecting the validity or enforceability of such provision in any other jurisdiction.

6. **Governing Law; Venue and Jurisdiction**. THIS DPA WILL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF THE LEA, WITHOUT REGARD TO CONFLICTS OF LAW PRINCIPLES. EACH PARTY CONSENTS AND SUBMITS TO THE SOLE AND EXCLUSIVE JURISDICTION TO THE STATE AND FEDERAL COURTS FOR THE COUNTY OF THE LEA FOR ANY DISPUTE ARISING OUT OF OR RELATING TO THIS DPA OR THE TRANSACTIONS CONTEMPLATED HEREBY.

7. **Successors Bound**: This DPA is and shall be binding upon the respective successors in interest to Provider in the event of a merger, acquisition, consolidation or other business reorganization or sale of

all or substantially all of the assets of such business In the event that the Provider sells, merges, or otherwise disposes of its business to a successor during the term of this DPA, the Provider shall provide written notice to the LEA no later than sixty (60) days after the closing date of sale, merger, or disposal. Such notice shall include a written, signed assurance that the successor will assume the obligations of the DPA and any obligations with respect to Student Data within the Service Agreement. The LEA has the authority to terminate the DPA if it disapproves of the successor to whom the Provider is selling, merging, or otherwise disposing of its business.

8. **Authority.** Each party represents that it is authorized to bind to the terms of this DPA, including confidentiality and destruction of Student Data and any portion thereof contained therein, all related or associated institutions, individuals, employees or contractors who may have access to the Student Data and/or any portion thereof.

9. **Waiver**. No delay or omission by either party to exercise any right hereunder shall be construed as a waiver of any such right and both parties reserve the right to exercise any such right from time to time, as often as may be deemed expedient.

14. To replace Article V, Section 2 (Audits) to state: No more than once a year or following an unauthorized Access, upon receipt of a written request from the LEA with at least ten (10) business days' notice and upon the execution of an appropriate confidentiality agreement, the Provider will allow the LEA or its designee(s) to audit the security and privacy measures that are in place to ensure protection of Student Data or any portion thereof as it pertains to the delivery of services to the LEA . The Provider will cooperate reasonably with the LEA or its designee(s) and any local, state, or federal agency with oversight authority or jurisdiction in connection with any audit or investigation of the Provider and/or delivery of Services to students and/or LEA, and shall provide reasonable Access to the Provider's facilities, staff, agents and LEA's Student Data and all records pertaining to the Provider, LEA and delivery of Services to the LEA.

Upon request by the New York State Education Department's Chief Privacy Officer (NYSED CPO), Provider shall provide the NYSED CPO with copies of its policies and related procedures that pertain to the protection of information. In addition, the NYSED CPO may require Provider to undergo an audit of its privacy and security safeguards, measures, and controls as they pertain to alignment with the requirements of New York State laws and regulations, and alignment with the NIST Cybersecurity Framework. Any audit required by the NYSED CPO must be performed by an independent third party at Provider's expense and the audit report must be provided to the NYSED CPO. In lieu of being subject to a required audit, Provider may provide the NYSED CPO with an industry standard independent audit report of Provider's privacy and security practices that was issued no more than twelve months before the date that the NYSED CPO informed Provider that it required Provider to undergo an audit. Failure to reasonably cooperate with any of the requirements in this provision shall be deemed a material breach of the DPA.

To amend the third sentence of Article V. Section 3 (Data Security) to read: The Provider shall implement security practices that are in alignment with the NIST Cybersecurity Framework v1.1 or any update to this Framework that is adopted by the New York State Department of Education.

15. To replace Article V. Section 4 (Data Breach) to state: In the event of a Breach as defined in 8 NYCRR Part 121.1 Provider shall provide notification to LEA within seventy-two (72) hours of confirmation of the incident, unless notification within this time limit would disrupt investigation of the incident by law enforcement. In such an event, notification shall be made within a reasonable time after the incident. Provider shall follow the following process:

    (1) The security breach notification described above shall include, at a minimum, the following information to the extent known by the Provider and as it becomes available:

    i. The name and contact information of the reporting LEA subject to this section.

    ii. A list of the types of personal information that were or are reasonably believed to have been the subject of a breach.

    iii. If the information is possible to determine at the time the notice is provided, then either (1) the date of the breach, (2) the estimated date of the breach, or (3) the date range within which the breach occurred. The notification shall also include the date of the notice.

    iv. Whether the notification was delayed as a result of a law enforcement investigation, if that information is possible to determine at the time the notice is provided; and

    v. A general description of the breach incident, if that information is possible to determine at the time the notice is provided; and

    vi. The number of records affected, if known; and

    vii. A description of the investigation undertaken so far; and

    viii. The name of a point of contact for Provider.

    (2) Provider agrees to adhere to all federal and state requirements with respect to a data breach related to the Student Data, including, when appropriate or required, the required responsibilities and procedures for notification and mitigation of any such data breach.

    (3) Provider further acknowledges and agrees to have a written incident response plan that reflects best practices and is consistent with industry standards and federal and state law for responding to a data breach, breach of security, privacy incident or unauthorized acquisition or use of Student Data or any portion thereof, including personally identifiable information and agrees to provide LEA, upon request, with a summary of said written incident response plan.

    (4) LEA shall provide notice and facts surrounding the breach to the affected students, parents or guardians. Where a Breach of Student Data and/or APPR Data occurs that is attributable to Provider and/or its Subprocessors, Provider shall pay for or promptly reimburse LEA for the full cost of notification to Parents, Eligible Students, teachers, and/or principals.

    (5) In the event of a breach originating from LEA's use of the Service, Provider shall cooperate with LEA to the extent necessary to expeditiously secure Student Data.

    (6) Provider and its subprocessors will cooperate with the LEA, the NYSED Chief Privacy Officer and law enforcement where necessary, in any investigations into a Breach. Any costs incidental to the required cooperation or participation of the Provider will be the sole responsibility of the Provider if such Breach is attributable to Provider or its subprocessors.

16. To amend the definitions in Exhibit "C" as follows:

- "Subprocessor" is equivalent to subcontractor. It is a third party who the provider uses for data collection, analytics, storage, or other service to allow Provider to operate and/or improve its service, and who has access to Student Data.

Such term shall include an educational partnership organization that receives student and/or teacher or principal data from a school district to carry out its responsibilities and is not an educational agency and a not-for-profit corporation or other non-profit organization, other than an educational agency.

17. To add to Exhibit "C" the following definitions:

    - **Disclose or Disclosure**: The intentional or unintentional communication, release, or transfer of Student Data and/or APPR Data by any means, including oral, written, or electronic.
    - **Encrypt or Encryption**: As defined in the Health Insurance Portability and Accountability Act of 1996 Security Rule at 45 CFR § 164.304, encrypt means the use of an algorithmic process to transform Personally Identifiable Information into an unusable, unreadable, or indecipherable form in which there is a low probability of assigning meaning without use of a confidential process or key.
    - **Release:** Shall have the same meaning as Disclose
    - **LEA:** As used in this DPA and all Exhibits, the term LEA shall mean the educational agency, as defined in Education Law Section 2-d, that has executed the DPA; if the LEA is a board of cooperative educational services, then the term LEA shall also include Participating School Districts for purposes of the following provisions of the DPA: Article I, Section 2; Article II, Sections 1 and 3; and Sections 1, 2, and 3 of Article III.
    - **Participating School District**: As used in Exhibit G and other Exhibits to the DPA, the term Participating School District shall mean a New York State educational agency, as that term is defined in Education Law Section 2-d, that obtains access to the Services through a CoSer agreement with LEA, and shall include LEA if it uses the Services in its own educational or operational programs.

DATA PRIVACY AND SECURITY PLAN

Provider DATA PRIVACY AND SECURITY PLAN

The Educational Agency (EA) is required to ensure that all contracts with a third-party provider include a Data Security and Privacy Plan, pursuant to Education Law § 2-d and Section 121.6 of the Commissioner's Regulations. For every contract, the provider **must complete the following or provide a plan that materially addresses its requirements,** including alignment with the NIST Cybersecurity Framework, which is the standard for educational agency data privacy and security policies in New York state**. While this plan is not required to be posted to the EA's website, providers should nevertheless ensure that they do not include information that could compromise the security of their data and data systems.**

1	Outline how you will implement applicable data security and privacy contract requirements over the life of the Contract.	The applicable data security and privacy contract requirements shall be communicated in writing to all employees and subcontractors that take part in the project and/or have access to PII. All subcontractors are contractually obligated to adhere to the same standards of data security and privacy as the Contractor.
2	Specify the administrative, operational and technical safeguards and practices that you have in place to protect PII.	All PII is stored on secure Amazon AWS servers located in the USA. Amazon AWS NIST compliance information can be found here: https://aws.amazon.com/compliance/nist/ All internet connections of the Contractor are secured by professional standard protections (anti-malware, firewall, etc) Contractor devices are protected by professional standards encryption protocols (REST) The Contractor has in place access control where only those employees and subcontractors directly working with the project may access any data pertaining to it. Physical security and access control measures are in place at the Contractor's offices. 2FA has been enabled in all supported applications.
3	Address the training received by your employees and any subcontractors engaged in the provision of services under the Contract on the federal and state laws that govern the confidentiality of PII.	The applicable data security and privacy contract requirements shall be communicated in writing to all employees and subcontractors that take part in the project and/or have access to PII. Internal training on data privacy and security is routinely held based on developments on the field.
4	Outline contracting processes that ensure that your employees and any subcontractors are bound by written agreement to the requirements of the Contract, at a minimum.	The employees of the Contractor are bound to professional standards of data security and privacy in their employment contracts. All subcontractors are contractually obligated to adhere to the same standards of data security and privacy as the Contractor.

5	Specify how you will manage any data security and privacy incidents that implicate PII and describe any specific plans you have in place to identify breaches and/or unauthorized disclosures, and to meet your obligations to report incidents to the EA.	The Contractor has implemented the following response strategy should a breach or other unauthorize disclosure occur: **1. Detection & Reporting** – Any employee must report suscpicious activity to the Security Officer, Sini Taskinen immediately via text message to mobile number, email and a Teams message. If the Security Officer is unavailable, contact the CEO, Tuomas Unhola, immediately via text message to mobile number, email and a Teams message; **2. Triage & Containment** – Security Officer / CEO will contact Tech Lead, Timo Utriainen, to organize and assessment meeting. In the assessment meeting, Security Officer, CEO and Tech Lead assess the scope and isolate affected systems; **3. Eradication** – Remove malicious code, disable compromised accounts, patch vulnerabilities; **4. Recovery** – Restore systems from backups, verify integrity, monitor for recurrence; **5. Communication** – Notify the board and all employees of the company via email and Teams chat message, affected customers and regulators if required (e.g. GDPR within 72 hours); **Post-Incident Review** – Document root cause, lessons learned, and mitigation steps.
6	Describe how data will be transitioned to the EA when no longer needed by you to meet your contractual obligations, if applicable.	The data is destroyed, unless otherwise agreed with the EA.
7	Describe your secure destruction practices and how certification will be provided to the EA.	The data is deleted from all devices containing PII using professional software. Note that all PII is first and foremost kept at Amazon AWS servers, and any instance where PII would be stored on other devices would be incidental and strictly temporary. From the AWS servers, the data is deleted using AWS tools. An actions log affirming the destruction of data shall be provided to the EA as proof of destruction.

8	Outline how your data security and privacy program/practices align with the EA's applicable policies.	The Contractor has revised and affirmed that its data security and privacy policies are aligned with the EA's policies and applicable legislation.
9	Outline how your data security and privacy program/practices materially align with the NIST CSF v1.1 using the Framework chart below.	PLEASE USE TEMPLATE BELOW.

EXHIBIT C.1 – NIST CSF TABLE

The table below will aid the review of a Provider's Data Privacy and Security Plan. Provider should complete the Provider Response sections in the table below to describe how their policies and practices align with each category in the Data Privacy and Security Plan template. To complete these 23 sections, a Contractor may: (i) Demonstrate alignment using the National Cybersecurity Review (NCSR) Maturity Scale of 1-7 ; (ii) Use a narrative to explain alignment (may reference its applicable policies); and/or (iii) Explain why a certain category may not apply to the transaction contemplated. Further informational references for each category can be found on the NIST website at https://www.nist.gov/cyberframework/new-framework. Please use additional pages if needed.
